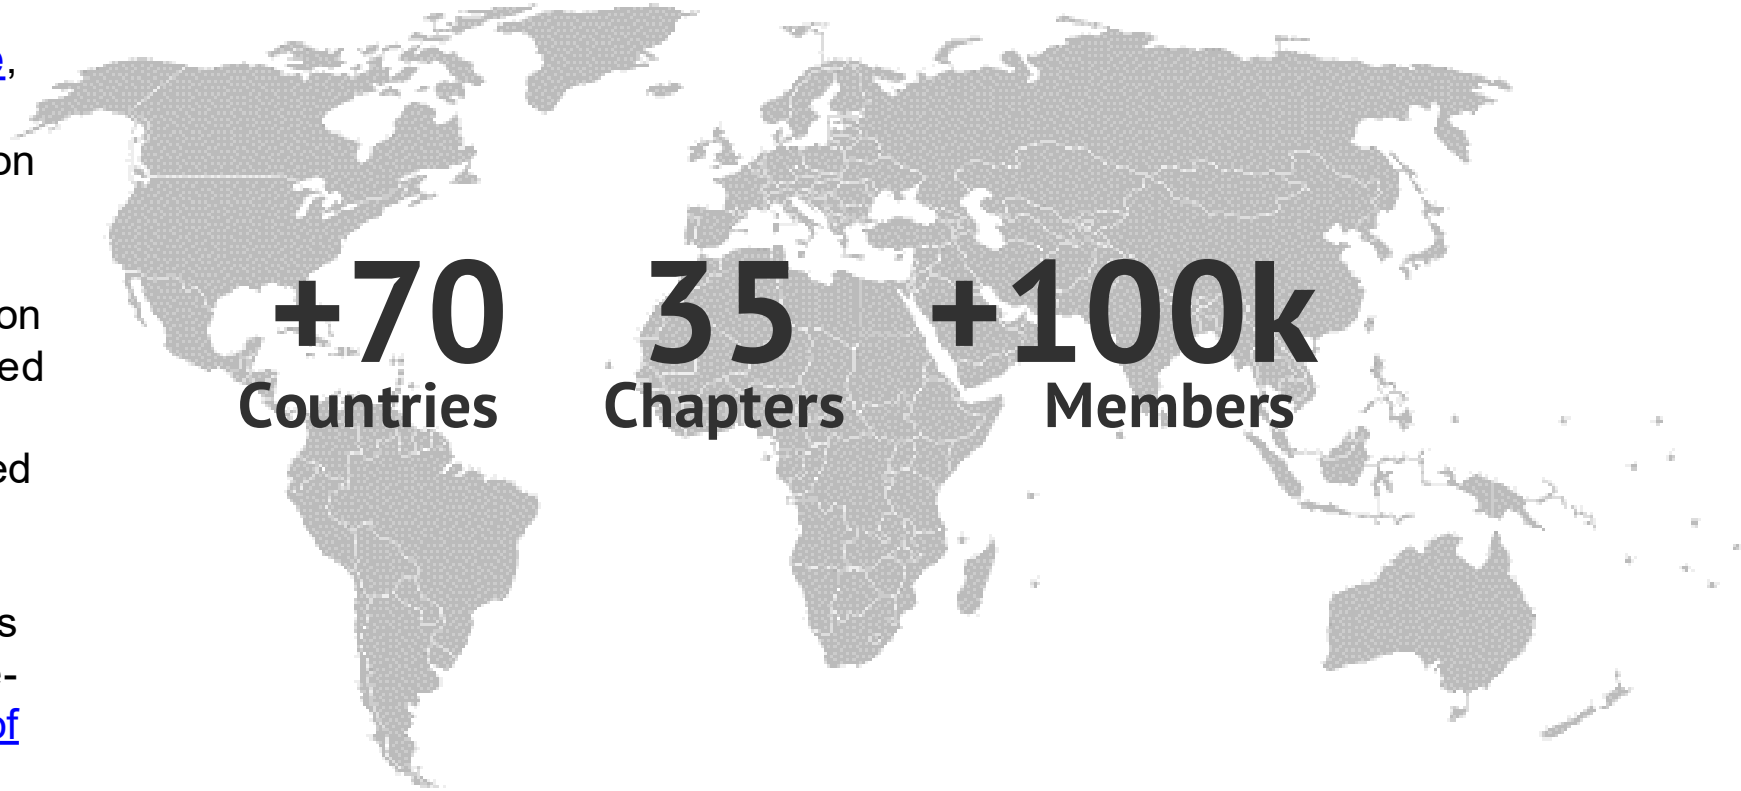
- Part of the **Chapter Zero Alliance**, a global network dedicated to equipping board directors to lead on climate and nature from the boardroom
- Charitable incorporated organisation headquartered in Cambridge, United Kingdom
- Global initiative originally developed with the support of the **World Economic Forum**
- Supporting boards in 70+ countries toward a resilient, net-zero, nature-positive economy.(Link to the list of networks)



Chapter Zero Alliance

WORLD ECONOMIC FORUM

Our role in Uzbekistan

Equipping boards and business leaders with the knowledge, tools and connections to strengthen governance and sustainable business.

CORPORATE GOVERNANCE

- Board effectiveness
- Board oversight and accountability
- Governance practices

CLIMATE GOVERNANCE

- Climate oversight
- Climate-related risks and opportunities
- Board-level climate action

ESG & SUSTAINABILITY

- ESG integration
- Sustainability risks and opportunities
- ESG awareness & capacity building

HOW WE SUPPORT THIS

Training & Capacity Building • Access to experts • Practical Resources • Peer Exchange • Research & Insights

GLOBAL KNOWLEDGE → LOCAL CONTEXT → BOARD-LEVEL ACTION

What We Do

01 — Executive Education & Capacity Building
Tailored corporate training • Board workshops • Masterclasses

02 — Dialogue & Knowledge Exchange
Webinars • Conferences • Expert discussions • Peer exchange

03 — Research & Knowledge
Corporate Governance Monitoring • Research • Publications

04 — Partnerships & Community
Member engagement • Cross-sector collaboration • International knowledge exchange

Supporting board members, senior executives and governance and sustainability professionals.

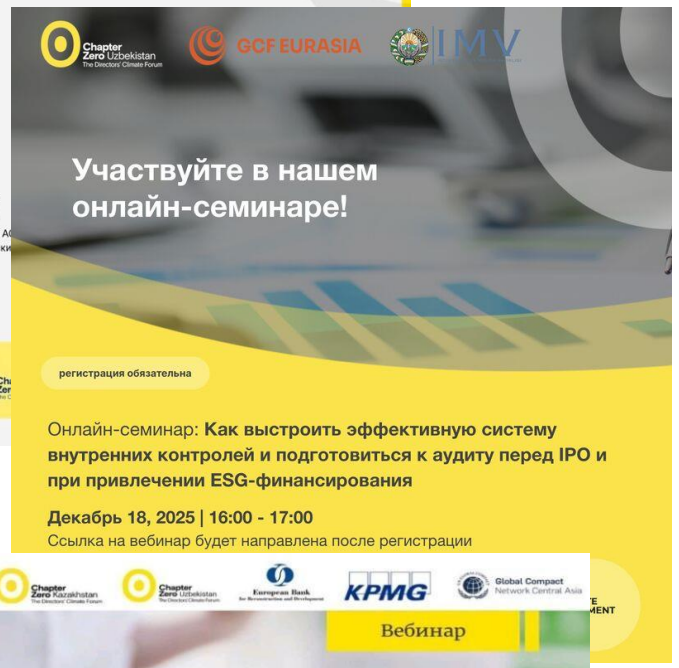
Executive Education & Capacity Building

Supporting boards, executives and governance professionals through practical learning and knowledge exchange.

- **Expert webinars & Discussions**
  Focused sessions on board effectiveness, corporate strategy, governance, ESG and sustainability.

- **Executive & Expert Sessions**
  Focused learning sessions connecting business leaders with local and international expertise.

- **Corporate Training Programmes**
  Tailored capacity-building programmes designed around the specific governance, ESG and sustainability priorities of participating organisations.



Commissioned Training Experience

CZU has experience designing and delivering commissioned professional training tailored to organisational needs.

Practical Training Program for Corporate Secretaries
October 2025/ WIUT, Tashkent

A practical, paid training programme for corporate secretaries focused on strengthening corporate governance knowledge and its application in practice.

Dialogue & Knowledge Sharing

Creating a platform for dialogue between business leaders, policymakers and international experts.

- **Chapter Zero Uzbekistan Anniversary**
  Bringing together members, partners and governance leaders to exchange experience and strengthen the CZU community.

- **CBAM & Central Asian Competitiveness**
  Joint CZU–Chapter Zero Kazakhstan webinar bringing together government and international expertise to discuss implications for regional businesses.

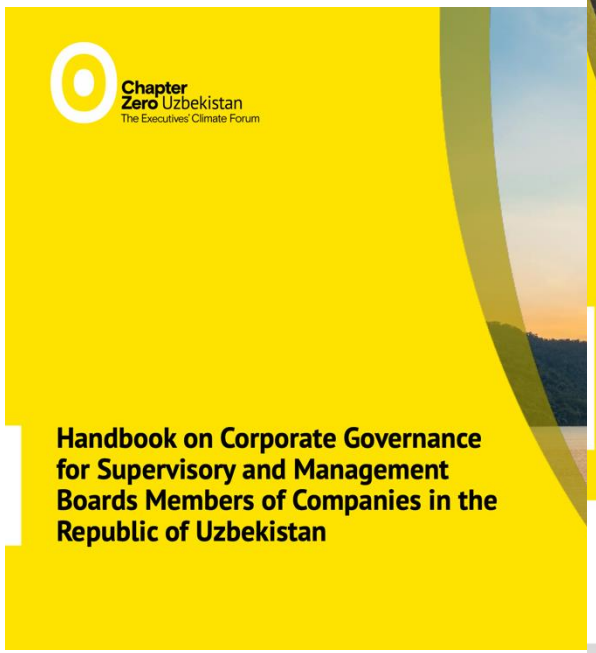
- **International Forums & Conferences**
  Contributing to regional and international discussions on corporate governance, sustainability and key issues affecting business leaders.

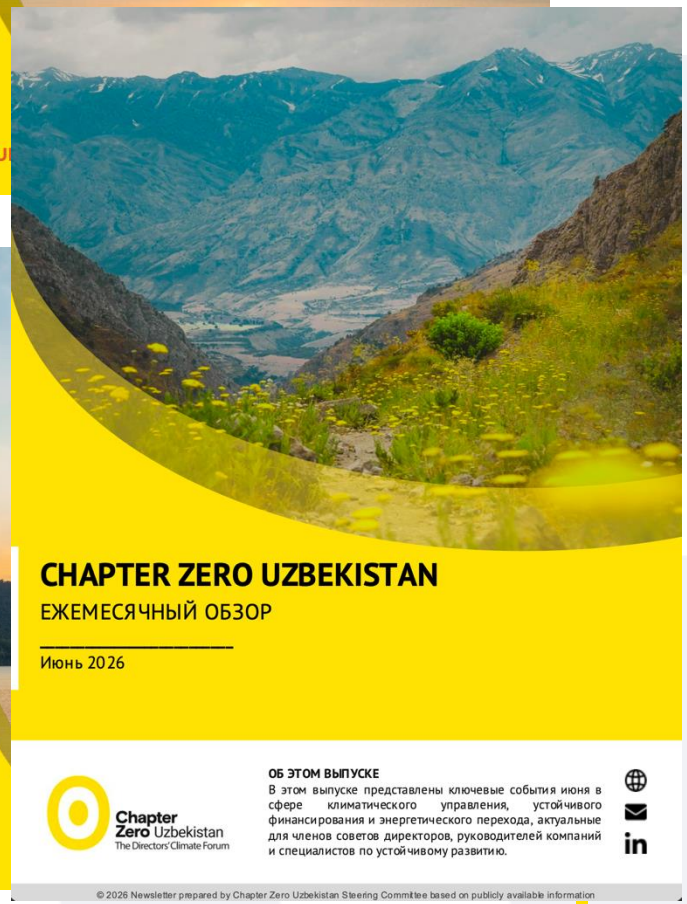
Research & Knowledge

Annual Corporate Governance Monitoring
Assessment of corporate and climate governance practices across **28 major state-owned enterprises**, covering board effectiveness, risk management and internal control, disclosure, ESG and climate governance.

Knowledge Resources
Practical materials, articles and educational resources for boards and business leaders.

Monthly Intelligence
CZU newsletter highlighting relevant developments in corporate governance, climate, ESG, sustainable finance and regulation.





Partnerships & Community

Building a cross-sector community around better governance and sustainable business leadership.
